

The Irish Heart Foundation is Ireland's only charity dedicated to the reduction of premature death and disability from heart disease and stroke.

We wish to engage **Contract Nurses**

This person will be engaged as an independent contractor (not an IHF employee) and will be required for sessional work with the Irish Heart Foundation's Heart Health Check in workplaces

The ideal person will have a nursing background in cardiology. The main duties include taking blood pressure, cholesterol, glucose, carbon monoxide check, body mass index, waist circumference and heart health lifestyle advice.

Ideally, this work would suit someone who enjoys working with the public, is interested in promoting heart health and is happy to work on a sessional basis.

Location:

We are looking for nurses in the Leinster region, Waterford, Galway and Monaghan

Enquires:

All enquires to Marese Damery on 01-6685001 or email mdamery@irishheart.ie
